Dear Sir:

AMENDMENT

In response to the Office Action dated April 8, 2005, please consider the following remarks on the above-identified patent application as follows.

Introductory Comments:

In the Office Action, the Examiner indicated that the document number 39901 in the Information Disclosure Statement is incorrect.

The Examiner objected to claim 1 because of an informality.

The Examiner rejected claims 1-5 under 35 U.S.C. section 112, second paragraph as being indefinite due to the misnumbering of the claims which are being considered claims 1-8 as suggested by the Examiner. The Examiner also rejected claims 1 and 4 under 35 U.S.C. section 103(a) as being unpatentable over U.S. Patent Application No. 2005/0008070 to Wang et al. ("Wang") and "Computer Communications," IEEE Vol. 2, No. 4, August 1979 ("IEEE reference"). The Examiner rejected claim 5 under 35 U.S.C. section 103(a) as being unpatentable over Wang and the IEEE reference and further in view of U.S. Patent No. 6,226,323 to Tan et al. ("Tan"). The Examiner objected to claims 2, 3, 6, 7 and 8 as being dependent from a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
